

Complete this form and send it along with your phone. Once we receive your phone, one of our technicians will contact you with an estimate. Once the repair is authorized and paid for we will complete the repair and send your phone back to you the same or next day (if parts are available).

Liquid damaged phones have a 50% chance of recovery. The first thing to do after liquid damage, if the battery is removable, is to turn off the phone & remove the battery immediately. **(DO NOT TRY TO CHARGE THE PHONE)** Rice will help draw the liquid out, but the corrosion and rust begins growing immediately.

**Mail-in Instructions:**
